May 25, 2018

Dear CTSI and CSI customers:

Corbett Technology Solutions, Inc. (CTSI) and Communication Specialists, Inc. (CSI) are excited to announce that we are combining to become an unparalleled technology systems integrator headquartered in the Mid-Atlantic region and serving customers throughout the United States and select worldwide markets. Over the next several months, we will begin representing our combined organizations under the CTSI brand.

CTSI and CSI have a combined 80+ years of company experience delivering successful projects. We are very similar in that we offer Audiovisual, Healthcare and Education Technology, Telephony, Fire Alarm & Security and Networking solutions. With offices in Chantilly and Richmond in Virginia and Baltimore and Salisbury in Maryland, we have the resources to better serve the needs of our clients.

Combined CTSI will now have over 230 employees including 35 engineers, 30 dedicated Customer Care associates and technicians, 20 project managers and 125 certified installation technicians. **Our commitment will remain to our customers, employees, culture and high-quality project results.**

We look forward to continuing our strong relationship and serving your systems integration and Customer Care needs. Please feel free to contact either Gino Ruta or Ron Pusey if you have any questions or concerns.

Sincerely,

Gino A. Ruta
