

Rapid Deployment House of Worship Streaming Kit

Looking to extend outreach by streaming worship services live?

In search of more reliable and higher quality live video streaming for worship services?

Need a more flexible and easy-to-use experience for your congregants at home?

This plug-and-play system is preprogrammed, assembled in a mobile equipment rack, tested, and ready for use out of the box. It includes a high-quality wireless microphone to ensure the spoken word, soloists, and other sources are included in the streamed worship service. A PTZ HD Professional grade video camera with enhanced pan/tilt/zoom ensures high quality and flexible live video. Subscription includes CTSI videoconferencing and streaming platform.

- High Quality Sound & Video for Remote Congregants
- Easy to Set Up, Easy to Use
- Flexible Configuration Enables Various Microphone Options for Multiple Sources
